FIREPLACE DESIGNS TAILORED FOR YOU

# FIREPLACE DESIGNS TAILORED FOR YOU

With our select team of artisans and over 30 years of experience manufacturing marble and limestone fireplaces, we are offering a unique and specialised service to our customers. For no extra cost or time, we are offering to supply bespoke surrounds to suit your requirements. From a simple hearth size increase to fit your carpet cut out, to altering the fire opening to accept electric and gas fires - simply forward your sizes with your order. The prices include any alterations to the surround, provided your measurements come within the parameters shown in the brochure.

## HOW DO WE DO THIS?

It has occurred to us that as each of our surrounds are made to order, it would be easy to allow our customers to order their surround to be made to their measurements. This is possible as we do not make our surrounds in bulk production lines, but make each one to order. We can now offer each surround to be made in a choice of colours and/or choice of band colours, all at the prices quoted. Why not take advantage of these remarkable offers and have your surround purpose made for your room so taking away any anxieties as to whether or not it will fit by using our tailor made service.

## OPENINGS

STANDARD CONVECTOR

The standard convector back panel is an industry standard opening of 16.5"w x 22.5"h

•  
It can be tailor-made to suit any gas or electric fire.

CHAMBER & STOVE

The slip inset is a matching band which follows the shape of the outer surround.

•  
It can be tailor-made to suit customer openings and firebox chambers.

•  
A comprehensive list of maximum and minimum dimensions are displayed throughout the catalogue.

BIG SCREEN FIRE

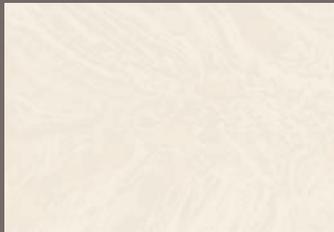

All our surrounds can have a specially designed interior tailored to suit big screen gas or electric fires.

•  
The appliance used must be smaller than the site openings listed throughout the catalogue.

## MARBLE

Blanco Perla

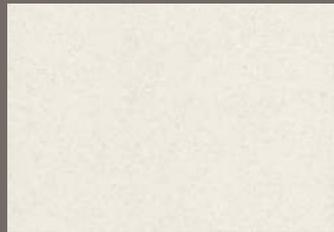

Giorgioni

Marfil

Oriental White

Roman Stone

Vanilla

All surrounds are available with a black granite back panel and hearth at an extra cost.

Limestone

Some of our fireplace surrounds are also available in limestone.

Look for the  symbol

## PLINTHS

Marble

Black Granite

When combined with either a Standard Convector or Big Screen Fire, our fireplace surrounds will be supplied with a marble plinth, to match the surround.

If your combination includes a Chamber and Stove, it will be supplied with a black granite plinth.
